

1 **A. Yeah. I am a state employee.**  
 2 Q. Did you say it was Air National Guard?  
 3 **A. Yeah.**  
 4 Q. When did you start that?  
 5 **A. September, I believe, roughly.**  
 6 Q. September of 2017?  
 7 **A. Yes.**  
 8 Q. Do you have a role or a position there?  
 9 **A. I work for security.**  
 10 Q. What did you do before starting there?  
 11 **A. I worked for animal control.**  
 12 Q. When did you start working for animal  
 13 control?  
 14 **A. I believe in 2012.**  
 15 Q. Do you have an approximate month or...  
 16 **A. December.**  
 17 Q. About December of 2012?  
 18 **A. Yeah. December 17th, 2012. It's 2012 or**  
 19 **2013.**  
 20 Q. Okay.  
 21 **A. I forget what year.**  
 22 Q. You remember it was December 17th, though?  
 23 **A. Yeah.**  
 24 Q. That's pretty impressive. How do you  
 25 remember the start date?

1 **A. Because we kind of went back and forth on my**  
 2 **date.**  
 3 Q. Okay. I could not tell you my start date  
 4 with my current job, and it was more recent than 2012  
 5 or 2013. So good job.  
 6 When did you stop working for animal  
 7 control?  
 8 **A. November -- actually, it was September 9th**  
 9 **of 2017.**  
 10 Q. So did you do anything between ending with  
 11 animal control and starting with...  
 12 **A. Nope. Automatically switched over.**  
 13 Q. Automatically?  
 14 **A. Yeah.**  
 15 Q. So it was -- did you have to end with animal  
 16 control when you began?  
 17 **A. Yes. Yes, sir.**  
 18 Q. What did you do before animal control?  
 19 **A. That's -- let's see, I did -- I cleaned**  
 20 **floors for Hy-Vee, and then I cleaned floors for the**  
 21 **mall, and I was going to school at the same time.**  
 22 Q. Oh, cool. Where did you go?  
 23 **A. WIT.**  
 24 Q. Is that -- I am not from here.  
 25 **A. Western Iowa Tech.**

1 Q. Okay.  
 2 **A. It's a community college.**  
 3 Q. Okay. An acronym. Western Iowa. Okay.  
 4 When was that?  
 5 **A. 2009 to 2013.**  
 6 Q. Okay. So basically when you were...  
 7 **A. Yeah.**  
 8 Q. Through 2013. So would that mean that it  
 9 was probably 2013 that you started with animal  
 10 control?  
 11 **A. Yeah.**  
 12 Q. Okay.  
 13 **A. Yeah.**  
 14 Q. So probably December 17th, 2013?  
 15 **A. Yeah. No. No. It was 2012.**  
 16 Q. Okay.  
 17 **A. Because I was going -- I was getting my**  
 18 **bachelor's degree.**  
 19 Q. So did you work for animal control while you  
 20 were...  
 21 **A. Yep. Yeah.**  
 22 Q. Doing both at the same time?  
 23 **A. (Witness nods head up and down.)**  
 24 Q. Do you have any other education history or  
 25 background or anything like that, any certifications?

1 **A. No. What do you mean by certifications and**  
 2 **stuff like that?**  
 3 Q. Any -- yeah. Anything else? Basically if  
 4 you have any other degrees or certificates, anything  
 5 like that.  
 6 **A. Nope. Just a police science degree and a**  
 7 **bachelor's in business.**  
 8 Q. Did you get those at the same time?  
 9 **A. No.**  
 10 Q. When was the police science degree?  
 11 **A. I did that in 2012.**  
 12 Q. Was the bachelor's in business from WIT?  
 13 **A. Bachelor's in business was from Bellevue.**  
 14 Q. So was that before WIT?  
 15 **A. No after.**  
 16 Q. Okay.  
 17 **A. So the way it worked, it was an accelerated**  
 18 **program.**  
 19 Q. So walk me through the timeline then.  
 20 **A. I graduated high school, went to WIT, tried**  
 21 **to figure out what I was going to do. Figured out I**  
 22 **was going to be police science, what route I wanted**  
 23 **to take. Then I chose Bellevue.**  
 24 **So I went -- I got out of the program**  
 25 **initially because I was going to go to Iowa State and**

1 go through their criminal justice program and found  
2 out that it was a lot cheaper to go through Bellevue  
3 and they would take the degree from WIT. So I went  
4 back to the police science program, finished,  
5 completed. Then went through Bellevue and got my  
6 business degree up at WIT.

7 Q. Okay.

8 A. So...

9 Q. So what are we talking, then, as far as  
10 years go? You graduated high school in?

11 A. '09, and I finished in 2013.

12 Q. Okay. So...

13 A. Five.

14 Q. What's that?

15 A. So five years, four, five years.

16 Q. Yeah. Okay. So you graduated high school  
17 in 2009 and then went through school, effectively,  
18 until 2013?

19 A. '13. Yeah.

20 Q. And during that time you got your – what's  
21 the police science? What's that degree?

22 A. It was police science technology.

23 Q. Okay.

24 A. It's basically a – what you'd take to  
25 become a cop.

1 Q. So you did that, and then you got your  
2 bachelor in business –

3 A. Business.

4 Q. – from Bellevue?

5 A. Yeah.

6 Q. Was that an online?

7 A. No. It was a hybrid. So it was half online  
8 and half in the classroom.

9 Q. Okay. Was the in classroom here?

10 A. Yeah.

11 Q. Okay. So then you started in 2012, December  
12 of 2012, while you were finishing up your bachelor's  
13 in business?

14 A. Yep.

15 Q. When you started with animal control, did  
16 you have any training, anything like that –

17 A. No.

18 Q. – related to animal control?

19 A. Job – on-the-job training.

20 Q. Did you attend any seminars or conferences  
21 for animal control?

22 A. No. Nope.

23 Q. Did they ever send you to a training course?

24 A. No.

25 Q. Ever give you any training manuals?

1 A. No.

2 Q. Ever send you to, like, dog shows, anything  
3 like that?

4 A. No.

5 Q. So is it fair for me to say that your  
6 training for animal control was kind of – can I call  
7 it shadowing?

8 A. Yes.

9 Q. How was the shadowing – how long of a  
10 period was that?

11 A. A week.

12 Q. One week?

13 A. Yep.

14 Q. Were you given anything else when you  
15 started?

16 A. Just the city codes.

17 Q. The municipal code?

18 A. Yeah.

19 Q. Did they give you any specific instruction  
20 or training on what to do with the code?

21 A. (Indicating.)

22 Q. I mean, I assume they say enforce the code?

23 A. Yeah.

24 Q. But did they give you any guidance or  
25 instruction on that?

1 A. Well, it was kind of on-the-job training.  
2 So it was when a question would come up, then you  
3 would just call somebody and they would kind of walk  
4 you through it.

5 Q. Okay. So it was like asking your peers –

6 A. Yeah.

7 Q. – hey, what do I do here?

8 A. Yeah.

9 Q. And you said that the shadowing was about a  
10 week?

11 A. Yeah.

12 Q. Does that mean that after the week you were  
13 on your own?

14 A. Yeah.

15 Q. Was there anything formal as far as, like,  
16 identifying dogs, on how to do that?

17 A. Not formal, no.

18 Q. How about informally? How – did anyone  
19 ever tell you, this is how you should identify dogs?

20 A. There was a chart in back. Take the dog in  
21 and – if you had questions about it and then have  
22 other people come in, and they would help identify  
23 what kind of breed the dog was.

24 Q. Okay. Let's take a step back. Prior to  
25 when you started with animal control, what was your

1 history with dogs?  
 2 **A. I had – my parents had black Labs. That's**  
 3 **as far as it goes.**  
 4 Q. Okay. So you didn't have any other past  
 5 experience in identifying a breed of dog?  
 6 **A. No. Nope.**  
 7 Q. No trainings or anything like that?  
 8 **A. Nope.**  
 9 Q. Okay. So when you were an animal control  
 10 officer, what was the hierarchy in the department?  
 11 Like, who was your boss?  
 12 **A. Cindy Rarrat.**  
 13 Q. Was Chris Wall also kind of in a supervisory  
 14 role?  
 15 **A. Yeah.**  
 16 Q. Aside from those two, was everyone else kind  
 17 of your peers?  
 18 **A. Yeah.**  
 19 Q. Aside from seniority?  
 20 **A. Yeah.**  
 21 Q. So how did they assign the shadowing  
 22 program?  
 23 **A. It was – I was on nights. So it was just**  
 24 **they had me come during the day, and it was more of a**  
 25 **what side of town was busier just to kind of get more**

1 **calls under my belt, get more experience.**  
 2 Q. Okay. When you shadowed, who – were you  
 3 always on nights?  
 4 **A. Yeah.**  
 5 Q. Is that...  
 6 **A. I shadowed – shadowed – shadowed, wow,**  
 7 **during the day for a week, and then I switched onto**  
 8 **nights.**  
 9 Q. Who did you shadow with?  
 10 **A. Dave Kracke.**  
 11 Q. So when you switched over with nights, did  
 12 you ever work with anyone else?  
 13 **A. No. Well, not pertaining to dogs.**  
 14 Q. Sure.  
 15 **A. It would be like a semi rolled over and then**  
 16 **that would be the only time somebody would come in**  
 17 **and...**  
 18 Q. Okay. Did you have anyone that reported to  
 19 you while you were in this role?  
 20 **A. No.**  
 21 Q. And then you reported to Cindy?  
 22 **A. Mostly I would report to Chris because Cindy**  
 23 **would come in later.**  
 24 Q. Okay. So how did your kind of day-to-day  
 25 go?

1 **A. Please elaborate.**  
 2 Q. Yeah, of course. That's ex- -- a perfect  
 3 example of when I'd like you to ask me for a  
 4 clarification if you don't understand the question.  
 5 So, you know, you – after your one-week shadowing  
 6 period ended, what would your typical workday look  
 7 like?  
 8 **A. Well, depending on the type of year, it**  
 9 **would be – or, the time of year, I am sorry, would**  
 10 **depend on the type of calls. Like fall would be more**  
 11 **bat calls. November would be more of the picking up**  
 12 **dead deer calls or stuff like that.**  
 13 **During the summertime or, like, springtime**  
 14 **when everybody would open up the windows, and fall**  
 15 **time, you would deal with more, like, barking dog**  
 16 **calls. So it actually depended on what time of year**  
 17 **it was because you would get the – get the calls**  
 18 **that – probably more to answer your question –**  
 19 Q. Okay.  
 20 **A. – that no day was the same. Every day was**  
 21 **different. But the general calls, specific, mostly**  
 22 **for the time of year.**  
 23 Q. Okay. So was it then kind of day to day  
 24 responding to calls?  
 25 **A. Yeah.**

1 Q. Anything aside from responding to calls?  
 2 Did you patrol or anything like that?  
 3 **A. Yeah. It was a little harder at night**  
 4 **because it was dark.**  
 5 Q. That makes sentence. Did you say bat calls  
 6 also?  
 7 **A. Yeah.**  
 8 Q. Like winged bats?  
 9 **A. Like furry little animal – animals with**  
 10 **wings. Yeah.**  
 11 Q. I really wanted it to be that they put up a  
 12 signal in the sky that you had to respond to, but I  
 13 am guessing that's not what it was?  
 14 **A. No.**  
 15 Q. No. I had to hold out hope. Okay. I think  
 16 I have got an understanding then. So you basically  
 17 wait for calls to come in, and then you go respond?  
 18 **A. Yeah. Anything that would pertain to**  
 19 **animals in the city.**  
 20 Q. So your job – you mentioned that they gave  
 21 you a copy of the municipal code?  
 22 **A. Yeah.**  
 23 Q. Was it to enforce – was it to enforce the  
 24 animals section of the municipal code?  
 25 **A. Yeah.**

1 Q. So did they ever give you any quizzes or  
2 trainings or tests to check your understanding of the  
3 code?

4 **A. No.**

5 Q. Any reviews or anything to make sure that  
6 you were enforcing the code correctly?

7 **A. They would review my calls every day –**

8 Q. Okay.

9 **A. – as far as I know.**

10 Q. So how did that review of calls go?

11 **A. If there was a discrepancy, they would come**  
12 **to me and then they would ask me to elaborate on the**  
13 **call. And then if I made a poor choice, not a wrong**  
14 **choice, but a poor choice they would be like, hey,**  
15 **this is what you need to fix next time.**

16 Q. What do you mean by, you know, if you made a  
17 poor choice? What are you talking about?

18 **A. Like if something didn't add up right – I**  
19 **have got to think of an example. I have been out of**  
20 **it for six years – or, six months, five months.**

21 **So...**

22 Q. Yeah. Please take your time.

23 **A. So like if I could handle a – for instance,**  
24 **a – somebody's dog bit somebody. I'd go – I'd go**  
25 **up to a house. And if it got kind of hinky and I had**

1 **to get more law enforcement there, like le – like**  
2 **local Sioux City PD there, they'd bring me in and be**  
3 **like, hey, why would – why did you need this many**  
4 **cops there? Maybe we could have done it this way, or**  
5 **why did you choose the way I – why you – why did**  
6 **you choose the way you did?**

7 **And that would be – that would be, like,**  
8 **the most scrutiny I – I'd get under. And I'd have**  
9 **to look up the codes and stuff and be like, hey, this**  
10 **is why. So...**

11 Q. When you were out in the field, would you  
12 ever review the code while you were out there?

13 **A. Yeah.**

14 Q. Okay. So –

15 **A. All the time.**

16 Q. – will you just tell me about that then?

17 **A. If I ever – if I ever – like, we don't use**  
18 **codes, some of the codes all of the time, and if it**  
19 **was one of them that I had questions about, I would**  
20 **go under the code and look at it and try to make a**  
21 **decision based off that.**

22 Q. Okay. Like what co – what are you talking  
23 about? Like, just an example?

24 **A. Oh, if – one of them would be like a dog**  
25 **bite. You know, it's not – it's one that we got**

1 **familiar – I got familiar with because I was the one**  
2 **that was on dog bites. So this is kind of a vague**  
3 **kind of deal. If it was a dog bite, I'd look at the**  
4 **code, determine on what the best scenario would be,**  
5 **best outcome and pull the dog, take the dog down to**  
6 **the animal control. I never looked up animal bite**  
7 **codes, though, but it was just an example –**

8 Q. Okay.

9 **A. – of something that would have to be looked**  
10 **up.**

11 Q. Sure. But if you were out there responding  
12 to a call, you may reference the code?

13 **A. Yeah. Yeah.**

14 Q. Were you otherwise just familiar with the  
15 code?

16 **A. For the most part, yeah.**

17 Q. How did you kind of get up to speed on what  
18 the code had in it?

19 **A. Read it.**

20 Q. When you started?

21 **A. Yeah.**

22 Q. There wasn't any instruction when you  
23 started, though, saying pay particular attention to  
24 any particular code section?

25 **A. The pit bull ban.**

1 Q. Did they say pay particular attention to  
2 that?

3 **A. Not necessarily. They just kind of brought**  
4 **it up to the attention – the attention that, hey,**  
5 **there is a pit bull ban, and this is how you handle**  
6 **pit bulls, but as far as pay special attention, they**  
7 **didn't single that one out. They just kind of**  
8 **over – brief overview of how – the codes.**

9 Q. Okay. So they told you, here's how you  
10 handle pit bulls. What did they tell you?

11 **A. That you have to pull all the pit bulls.**  
12 **They give you a book of up-to-date pit bulls that was**  
13 **vaccinated and city licensed.**

14 THE WITNESS: Is that all they had to do?

15 MR. VONDRAK: You're on your own.

16 THE WITNESS: You can't tell me? I have  
17 been out of it forever.

18 Q. (By Mr. Hasan) Yeah. And I will tell  
19 you...

20 MR. VONDRAK: If you don't know, you don't  
21 know.

22 Q. (By Mr. Hasan) Right. Okay. I will jump  
23 in and I will let you know, I don't want you to,  
24 like, guess or speculate.

25 **A. All right.**

1 Q. I am just asking for what your memory is.  
 2 A. I know – I know city license and vaccines  
 3 and rabies would have to be under the registration,  
 4 and then they'd have to register it with the city,  
 5 and that would get put in a book or in a binder.  
 6 We'd get that binder in the truck. And it would be  
 7 up to date on addresses, where that dog was, who  
 8 owned the dog. And if that dog wasn't – didn't come  
 9 back to that address or to the owner, then we had to  
 10 pull it.  
 11 Q. What do you mean, if it didn't come back to  
 12 that address or to the owner?  
 13 A. If that dog wasn't registered to the owner  
 14 that it was specified under, then we'd pull the dog.  
 15 Q. How would you find out?  
 16 A. Get the owner's name and look at – look  
 17 at – under the book that was registered, or the  
 18 binder they'd give us, because the binder would have  
 19 the name of the owner of that pit bull.  
 20 Q. Okay. So they would give you a binder that  
 21 contained the – essentially the list of all of the  
 22 registered pit bulls in the city?  
 23 A. Up to date.  
 24 Q. The up-to-date list of all of the pit bulls  
 25 in the city?

1 A. Yeah. Yeah.  
 2 Q. And you said that if the dog wasn't with the  
 3 owner that was identified in the book, then you'd  
 4 pull the dog?  
 5 A. Unless the owner could be there right away,  
 6 then I'd pull the dog.  
 7 Q. So do you mean like if the dog was at large  
 8 or...  
 9 A. Yeah.  
 10 Q. Okay. So the book was to see if you picked  
 11 up the dog and it had a collar and it said, here's  
 12 the registration number, you'd cross-reference in the  
 13 book; right?  
 14 A. Basically it would be a microchip.  
 15 Q. Okay.  
 16 A. So initially what I would do is I'd pull all  
 17 pit bulls. Unless they could provide me with  
 18 specific paperwork for that dog, I would pull all pit  
 19 bulls, take them down to animal control. If I didn't  
 20 have a scanner – every once in a while we didn't  
 21 have a scanner in the truck, but if I – if I scanned  
 22 it and it came back to the right paper – the right  
 23 owner and they could justify it was theirs based on  
 24 ba – the 15-digit number, then I would tell –  
 25 Cindy – Chris or Cindy or whoever came in in the

1 morning, be like, hey, this pit bull came in last  
 2 night. Here's the number. I don't know if it's in  
 3 that binder because I didn't have access to the  
 4 computer program that it would come back to. So  
 5 basically all I would do is pull all pit bulls is the  
 6 easiest way for me to do it.  
 7 Q. Okay. When you say you "pull all pit  
 8 bulls," I want to make sure I am understanding you  
 9 correctly.  
 10 A. I would take the pit bulls and take them  
 11 down to animal control.  
 12 Q. When you say you'd "take the pit bulls,"  
 13 that means that if you were, you know, out in the  
 14 field and you encountered a dog that you thought was  
 15 a pit bull?  
 16 A. Yeah.  
 17 Q. So taking one step back, what was your  
 18 general understanding of what the pit bull ban  
 19 enforces? And I will look to see. I think I also  
 20 have a -- let's see if I still have it printed out.  
 21 MR. VONDRAK: Kamron, can you repeat that  
 22 question, please?  
 23 MR. HASAN: Sure. Just his general  
 24 understanding of...  
 25 Actually, Julie, why don't you just read it

1 back.  
 2 (The pending question was  
 3 read by the court  
 4 reporter.)  
 5 A. It would be any characteristics, or dominant  
 6 traits...  
 7 Q. (By Mr. Hasan) I know you're a little bit  
 8 removed from...  
 9 A. Or, I am sorry. Not dominant traits.  
 10 Traits of the bully breed, something like that.  
 11 Q. Okay. When was the last time you read the  
 12 ordinance?  
 13 A. Six, seven months ago.  
 14 Q. All right. This is Exhibit 101. And  
 15 turning your attention to page 37, specifically  
 16 Section 7.10.010, would you read that to yourself and  
 17 let me know when you're done, please?  
 18 A. Yep.  
 19 Q. Was that your general understanding of what  
 20 the...  
 21 A. Yes.  
 22 Q. Okay. So it's the three specific breeds,  
 23 the American Pit Bull Terrier, American Staffordshire  
 24 Terrier and Staffordshire Bull Terrier or any dog  
 25 which has the appearance and characteristics of being  
 predominantly any of those three breeds.

- 1 **A. Yep.**  
 2 Q. So in your day-to-day job how would you  
 3 identify a situation where you may come across a dog  
 4 that was subject to that definition?  
 5 **A. By, like, facial features or body features.**  
 6 Q. Okay. More generally than that, like, how  
 7 would it be that you would come across that dog?  
 8 Would it be through your patrolling, through calls?  
 9 **A. Through calls.**  
 10 Q. Okay. So you'd receive a call saying what?  
 11 **A. That – I – that there's a possible pit**  
 12 **bull at this location. And most of the time if that**  
 13 **was pertaining to somebody that knew what a pit bull**  
 14 **looked like or an – most of the time it would be**  
 15 **there's a dog in custody, and I'd get there and have**  
 16 **to determine on characteristics of a breed of an**  
 17 **an- – of the dog.**  
 18 Q. So you said that if it was a call from  
 19 someone who would know what a pit bull looked like.  
 20 How would you know that?  
 21 **A. How would I know that?**  
 22 Q. Yeah.  
 23 **A. It would be – come through on the computer.**  
 24 Q. I mean, more that...  
 25 **A. Or are you talking about if I knew it was a**

- 1 **pit bull?**  
 2 Q. No. You said that if you got a call, it  
 3 could be from someone who knew that this dog was a  
 4 pit bull.  
 5 **A. It was their understanding that it possibly**  
 6 **was a pit bull. I am not saying that their – what**  
 7 **they said was right because sometimes it would be a**  
 8 **big black dog and you'd get a small little dog. So**  
 9 **it was my determination based on what I did for a**  
 10 **living, basically –**  
 11 Q. Yeah.  
 12 **A. – to determine on characteristics based on**  
 13 **that dog. But as a brief summary, our dispatch**  
 14 **wasn't always right.**  
 15 Q. Okay.  
 16 **A. So...**  
 17 Q. So your dispatch wasn't always right. Does  
 18 that mean that – talking about how you respond to a  
 19 call? This is what I am – that's the context I am  
 20 in right now.  
 21 **A. No. I am talking about the description of a**  
 22 **call.**  
 23 Q. Okay.  
 24 **A. So it might be like, hey, brown house, third**  
 25 **house from the east, but it's on the west side of the**

- 1 **street instead of the east side of the street. So**  
 2 **the description that we get might not be right to**  
 3 **the – that call. So...**  
 4 Q. So it would be a citizen calling dispatch  
 5 and saying, I see a dog that I think is a pit bull?  
 6 **A. Yeah.**  
 7 Q. And then dispatch calling you and saying a  
 8 homeowner or citizen living at this address called  
 9 and say they think they see a pit bull?  
 10 **A. Yes, sir.**  
 11 Q. So you arrive at – and see the dog?  
 12 **A. Yeah.**  
 13 Q. So how quickly upon arriving and seeing the  
 14 dog would you make the determination of what breed it  
 15 was? And I am not asking specifically of whether  
 16 it's a pit bull or not. I am just saying how quickly  
 17 would you decide this is this type of dog?  
 18 **A. Probably 15 seconds, kind of looking over**  
 19 **the body, the head, the feet, stuff like that.**  
 20 Q. So you'd make...  
 21 **A. Characteristics.**  
 22 Q. Sorry for interrupting.  
 23 **A. Basically just looking at the**  
 24 **characteristics of the specific animal that we were**  
 25 **talking about.**

- 1 Q. So you'd make the determination while you  
 2 were in the field?  
 3 **A. Yes. It – unless it was questionable. If**  
 4 **it was pertaining to, like, pit bulls, then I would**  
 5 **take it down to animal control.**  
 6 Q. Is that any time you think that it was  
 7 potentially a pit bull?  
 8 **A. Yes.**  
 9 Q. So if it was...  
 10 **A. If it was a Chihuahua, then I could be like,**  
 11 **hey, that was a Chihuahua or something, and they had**  
 12 **all their paperwork and stuff that was for that dog,**  
 13 **I'd let it stay.**  
 14 Q. So only if the owner had the paperwork for  
 15 the dog would you let it stay?  
 16 **A. Yes.**  
 17 Q. Under any breed?  
 18 **A. All but pit bulls because it's basically**  
 19 **unless it had some characteristic on the paperwork**  
 20 **because some people put characteristics – like, I**  
 21 **had one with an amputated leg. And if they said that**  
 22 **this dog had an amputated leg and you could be like,**  
 23 **hey, all right, this pit bull had an amputated leg –**  
 24 **I didn't run into too many dogs with amputated legs.**  
 25 **So you kind of based on the characteristics,**

1 **the color of the dog, on what the kind of dog – what**  
 2 **I like to use, common sense. The paperwork lined up**  
 3 **with that dog.**

4 Q. So how often would you check the paperwork  
 5 when you responded to a call?

6 **A. Every call.**

7 Q. Every sing-...

8 **A. Every single...**

9 Q. If you had the owner there, you would check  
 10 the paperwork?

11 **A. Every single call.**

12 Q. Every single time?

13 **A. Yep. Yep.**

14 Q. So when you're making the determination of  
 15 the dog's breed, is it fair to say that that  
 16 determination is based on your visual identification?

17 **A. Yep.**

18 Q. Would you take into account what the  
 19 paperwork said when making that visual determination?

20 **A. Yes.**

21 Q. In the corroborating sense, saying that if  
 22 you visually identify it as a breed you'd check to  
 23 see if it confirms your belief?

24 **A. Yes.**

25 Q. How about the opposite of that, to see if

1 the paperwork is contrary to what your belief is?

2 Would you consider that?

3 **A. Yes.**

4 Q. So would you – would you alter your  
 5 determination from what you visually identified?

6 Would you change what you think the breed of dog is?

7 **A. No.**

8 Q. So, ultimately, it's your visual  
 9 determination?

10 **A. Yes.**

11 Q. So you may consider the paperwork, but it –  
 12 the paperwork is not going to change your  
 13 determination?

14 **A. Not necessarily, no, unless I was way off.**

15 **And sometimes, you know, you're like, well, that**  
 16 **looks like a Lab, but it would be like a German**  
 17 **Shorthair Pointer or something like that, which their**  
 18 **characteristics are real similar.**

19 Q. Uh-huh.

20 **A. So that would be the only time that I would**  
 21 **change something like that. But if it was pertaining**  
 22 **to a pit bull, I wouldn't change it. I'd just take**  
 23 **it, and then I'd be like, hey, I am not an expert in**  
 24 **pit bulls, so I am going to take it because I have**  
 25 **questions about it; so I am – therefore, I am going**

1 **to take it. And if it's determined that it's not**  
 2 **based on other people in my facility – I am going to**  
 3 **essentially have them come in and talk to – or, look**  
 4 **at it and determine if it is or not.**

5 Q. So, obviously, we're here talking – we're  
 6 here talking today about pit bulls.

7 **A. Uh-huh.**

8 Q. You mentioned that you're not an expert in  
 9 pit bulls. What – how did you develop your  
 10 understanding of what a pit bull is?

11 **A. On-the-job training. We had pit bulls in**  
 12 **the back. I'd walk occasionally through – through**  
 13 **the – where we kept the dogs at, through the cages.**  
 14 **And they – they'd be – excuse me. They'd be –**  
 15 **kennel card is what we'd call it. And it would have**  
 16 **types of – types of breed. And that would be kind**  
 17 **of how I'd kind of get familiar with the – with the**  
 18 **breeds down there. So it was kind of like**  
 19 **self-taught.**

20 Q. Okay.

21 **A. We had a – an American Kennel Club chart in**  
 22 **the back of our – of our intake room that had all of**  
 23 **the types of animals, all of the types of dogs, and**  
 24 **then it would have a description, a description of**  
 25 **that – of the – God, what am I trying to say?**

1 Q. Each breed?

2 **A. Yeah. There you go. Of the breed. So kind**  
 3 **of determined on what the breed was based on that**  
 4 **description.**

5 Q. So for – you said you were basically  
 6 self-taught?

7 **A. Yeah.**

8 Q. And that self-taught included walking  
 9 through the kennel and looking at a dog and comparing  
 10 to what the kennel card said?

11 **A. Yeah.**

12 Q. So if a dog said – you look at the dog and  
 13 it says Chihuahua, you can go, okay, that's what a  
 14 Chihuahua looks like?

15 **A. Yeah.**

16 Q. Because there's an example of it there in  
 17 front of you?

18 **A. Yeah.**

19 Q. Were those purebred dogs or...

20 **A. The ones that I have – the ones that I**  
 21 **would question somebody on was the mixed breeds and**  
 22 **ask them why they determined the – that specific dog**  
 23 **to be that breed. And they would tell me the –**  
 24 **they'd go over the dogs and tell me the**  
 25 **characteristics of that specific breed.**

1           **The purebred, they were more distinct. And**  
 2 **then the card would say Chihuahua, and you could**  
 3 **determine on a Chihuahua. I didn't know there's,**  
 4 **like, 20 different breeds of Chihuahuas until I**  
 5 **started. So...**

6           Q. How would you know if it was a purebred  
 7 versus a mixed breed?

8           **A. Somebody would tell me. If I had a question**  
 9 **on an animal, then I would bring somebody else in,**  
 10 **like Cindy or Chris or one of the other officers that**  
 11 **have worked there for longer than I have. I would be**  
 12 **like, hey, why is this breed – like, why is this**  
 13 **breed this or...**

14          Q. I mean more on the kennel card. If you're  
 15 comparing the kennel card to the animal, was there  
 16 anything on the card that would say purebred versus  
 17 mixed breed?

18          **A. Nope. Nope.**

19          Q. So is it – to your understanding was there  
 20 anything that told you this is a purebred versus this  
 21 is a mixed breed?

22          **A. No.**

23          Q. So for all we know all of them could have  
 24 been mixed-breed dogs?

25          **A. Yes.**

1           Q. You mentioned the chart. Was that used as,  
 2 like, a reference for you?

3           **A. Yes.**

4           Q. Was it a reference for all of the animal  
 5 control officers?

6           **A. I don't know. I can't speak for them.**

7           Q. Did they tell you anything with regard to  
 8 that chart?

9           **A. They just told me they were kind of – all**  
 10 **the breeds are on there.**

11          Q. So...

12          **A. And there's a chart that you can use if you**  
 13 **want to use it. That was the more experienced people**  
 14 **that have been there forever telling me about the**  
 15 **chart. So I can't – I can't justify what they did.**

16          Q. Yeah. I don't want you to speculate as to  
 17 what they did. I am only going to ask you about what  
 18 you did.

19          **A. But I would – I looked at the chart because**  
 20 **it kind of helped me quite a bit.**

21          Q. Okay. So you used the photographs of those  
 22 purebreds –

23          **A. Yeah.**

24          Q. – to try to determine what kind of breed a  
 25 dog would be?

1           **A. Yeah.**

2           Q. That was photographs?

3           **A. It was one photograph for each dog.**

4           Q. Okay. Would you – so you'd look at that  
 5 photograph and compare the photograph to the dog that  
 6 you picked up –

7           **A. Yeah.**

8           Q. – to help determine if it was a certain  
 9 breed of dog?

10          **A. Yep.**

11          Q. You said that was American Kennel Club?

12          **A. I think it was.**

13          Q. Okay.

14          **A. I couldn't – I am not – it was either –**  
 15 **what was the name of it? I don't know if – there's**  
 16 **another one also.**

17          Q. There's a UKC also, United Kennel Club.

18          **A. It – it was a...**

19          Q. I guess I will...

20          **A. It was a – it was a kennel club. I don't**  
 21 **know what from.**

22          Q. Okay. So it could have been American or  
 23 United Kennel Club?

24          **A. Yeah.**

25          Q. Have you ever read the breed standards

1           produced by either of those organizations for the  
 2 dogs that are subject to the pit bull ban?

3           **A. No.**

4           Q. So specifically the United Kennel Club has  
 5 the breed standard for the American Pit Bull Terrier.  
 6 Have you read that?

7           **A. No.**

8           Q. Okay. It's the American Kennel Club for the  
 9 American Staffordshire Terrier. Have you read that?

10          **A. No.**

11          Q. It's also the American Kennel Club for the  
 12 Staffordshire Bull Terrier. Have you read that one?

13          **A. No.**

14          Q. Have you ever read with the American or  
 15 United Kennel Club standards what those standards are  
 16 published for, why they're there?

17          **A. No.**

18          Q. So you mentioned that if you had questions  
 19 about the breed of a dog you may bring in some of  
 20 your coworkers?

21          **A. Yeah.**

22          Q. Can you tell me about that, please?

23          **A. If I had a – if I brought in a questionable**  
 24 **dog, any breed of dog, from a Chihuahua to whatever,**  
 25 **to Mastiff to a pit bull or whatever – which**

1 happened quite a bit because I am not no animal  
2 expert. I went to become law enforcement, not a vet.

3 So I'd get somebody, one of our vet techs or  
4 somebody that's – knows a lot about animals, call  
5 them back and be like, hey, what kind of dog is this  
6 before I'd label it a specific breed of a dog unless  
7 I knew specifically what kind of dog that was, like,  
8 well, it's a Chihuahua or it was a Mastiff.

9 But most – 95 percent of the time if it  
10 pertained to one of the three breeds, the – that you  
11 brought up I would be like, hey, I just want to get a  
12 second input before I slap a pit bull on this or slap  
13 a Staffordshire Terrier on this so that if it's not,  
14 then it can go back to the owner.

15 Q. Who were the individuals that you consulted  
16 with?

17 A. Chris Wall, Cindy, oh, our vet – our vet  
18 tech, which is Sandy, I believe, and then Kracke,  
19 Megan Lalk, Kenna. Basically the more experienced  
20 people, the day people, because they dealt with more  
21 of the bringing in the animals. I deal with more  
22 like bats and pick up the dead stuff.

23 MR. HASAN: Let's take a quick break.

24 (A recess was taken from  
25 10:43 a.m. to 10:47 a.m.)

1 Q. (By Mr. Hasan) All right. So we'll go back  
2 on the record here. When we broke right there we  
3 were talking about, like, the group determination of  
4 a breed of dog and if you had a question. So I want  
5 to go back kind of like to when you make the  
6 determination out in the field. Okay? You said that  
7 you make it out in the field; right?

8 A. Yeah.

9 Q. So when you make that determination, earlier  
10 you said it's characteristics and traits, features;  
11 is that right?

12 A. Yeah.

13 Q. What are the traits and characteristics and  
14 features that you would look for?

15 A. Size, ears, head size, color, body size,  
16 tail size.

17 Q. So how about this? I have got – you have  
18 just named a few of the ones that I can think of. I  
19 came up with this list basically looking at my dog at  
20 home, and I want you to tell me yes or no whether you  
21 would consider this attribute when you were trying to  
22 make your determination. Is that fair?

23 A. Yeah.

24 Q. You said yes to coloring?

25 A. Yeah.

1 Q. Specifically how would that come into play?

2 A. Elaborate.

3 Q. Yeah. So one color versus another, how  
4 would that factor into your determination?

5 A. White or black. Oh, that's bad – that's a  
6 bad example. Yellow or black, black Lab versus  
7 yellow Lab or Golden Retriever, or they called it  
8 blue for pit bulls. Yeah. That's about it.

9 Q. Okay. So kind of that certain breeds may –  
10 certain purebreds may carry certain colors?

11 A. Yes.

12 Q. Versus not other colors?

13 A. Yeah.

14 Q. So if you had a certain color, that would be  
15 an indicator that it would be a certain breed?

16 A. Yes.

17 Q. Okay. How about, like, the pattern of the  
18 coloring?

19 A. Yeah.

20 Q. Yeah?

21 A. Because there's no – most of the time there  
22 is no spots or patching on a Lab.

23 Q. Okay. Kind of like patching or spotting?

24 A. Yeah.

25 Q. Like you think of a Dalmation?

1 A. Yeah.

2 Q. How about the coat, the texture of the coat?

3 A. Yep. Long-haired Chihuahua versus  
4 short-haired Chihuahua, or a yellow Lab was more  
5 curly than a black Lab was more straight, shorter.

6 Q. Okay. So the length and the actual texture  
7 of the coat?

8 A. Yeah. Yeah.

9 Q. You mentioned the body size. How about the  
10 body length?

11 A. Yeah.

12 Q. The height of the body? Like, I guess when  
13 you say...

14 A. Wiener dog versus a Chihuahua.

15 Q. So, like, the type of body?

16 A. Yeah. Yeah.

17 Q. Okay. What about the weight of the dog?

18 A. Yep.

19 Q. Muscle mass?

20 A. Yeah.

21 Q. What about the chest size?

22 A. Yep.

23 Q. I think the term is topline angle, the angle  
24 from the shoulders kind of back to the hips, whether  
25 it's straight or angled down? Would you consider

- 1 that?
- 2 **A. I don't think so.**
- 3 Q. Okay.
- 4 **A. Probably, though.**
- 5 Q. Yeah?
- 6 **A. Subconsciously probably.**
- 7 Q. The example when I read this term was --
- 8 that they gave was like a purebred German Shepherd
- 9 where the head and the shoulders would be higher off
- 10 the ground than the hips would. That was the example
- 11 that I read.
- 12 **A. Oh, yeah. Yeah. All right.**
- 13 Q. So that's -- when I say topline angle,
- 14 that's what I am describing.
- 15 **A. Oh, all right. Yep.**
- 16 Q. So that is something?
- 17 **A. Yep.**
- 18 Q. Okay. How about how tall or long the legs
- 19 are?
- 20 **A. Yep.**
- 21 Q. You said the head size. What about the
- 22 shape of the head?
- 23 **A. Yep.**
- 24 Q. The length of the head?
- 25 **A. Yep.**

- 1 Q. How about the width?
- 2 **A. Yep.**
- 3 Q. Would you consider the muzzle shape?
- 4 **A. Yep.**
- 5 Q. Eye color?
- 6 **A. No.**
- 7 Q. You said the ears. Does that mean ear size?
- 8 **A. Yes. And then if they droop down. Like**
- 9 **your hounds are more elongated, and they droop down**
- 10 **over the head, versus a Lab or a -- not a Lab -- or,**
- 11 **yeah. Labs are more shorter, but they droop down,**
- 12 **versus, like, cropped ears, where most people with**
- 13 **cropped ears are like your bully breeds.**
- 14 Q. Okay. So the size and the ear shape?
- 15 **A. Yeah.**
- 16 Q. How about the neck?
- 17 **A. Yes.**
- 18 Q. All right. Would you look at the teeth?
- 19 **A. Yes.**
- 20 Q. How about the jaws?
- 21 **A. Yes.**
- 22 Q. And is that the jawline?
- 23 **A. Yep.**
- 24 Q. Did you ever look at the tongue color?
- 25 **A. No.**

- 1 Q. You said tail size. The shape also, tail
- 2 shape?
- 3 **A. Yes.**
- 4 Q. Would that mean like if it was cropped or...
- 5 **A. Yeah.**
- 6 Q. Okay. Would that fit under tail shape or
- 7 tail size, like if the tail was cropped?
- 8 **A. Probably tail shape.**
- 9 Q. Okay. And then for tail size, what would
- 10 that mean?
- 11 **A. Length, width.**
- 12 Q. Like bushiness or...
- 13 **A. Yeah.**
- 14 Q. Okay. Would you ever watch the animal move
- 15 around to check its gait, like how it walked?
- 16 **A. Yeah.**
- 17 Q. Just when determining if it was a breed?
- 18 **A. If it -- if it would, like, I don't know,**
- 19 **trot or kind of -- I don't know how it explain it,**
- 20 **but, yeah. A waddle. It's -- I don't know. A...**
- 21 Q. To see if it's a penguin?
- 22 **A. Yeah. A dog -- the wiener dog would do more**
- 23 **of a waddle versus a -- God, a Bassett Hound or --**
- 24 **no, I am talking...**
- 25 Q. Maybe like a Greyhound?

- 1 **A. Yeah. They would do more like a trot**
- 2 **because their long -- legs are longer.**
- 3 Q. Okay. So you would consider how it moved
- 4 when thinking about the breed determination?
- 5 **A. Yeah.**
- 6 Q. Would you ever look at behavior?
- 7 **A. No.**
- 8 Q. Would -- if it was available, would you ever
- 9 consider DNA?
- 10 **A. Yes, but I never had that.**
- 11 Q. It never came up?
- 12 **A. No.**
- 13 Q. Okay. So if it was presented to you, that's
- 14 something that you would consider, but it never
- 15 happened?
- 16 **A. Yep.**
- 17 Q. It's about 22 or 23 different traits or
- 18 characteristics that you said that you'd consider.
- 19 So I want to focus on mixed-breed dogs. If the dog
- 20 is mixed breed, how would you determine whether it
- 21 was predominantly of the appearance and
- 22 characteristics of the American Pit Bull Terrier,
- 23 American Staffordshire Terrier or the Staffordshire
- 24 Bull Terrier?
- 25 **A. Basically the list that we just went**

1 **through – can I say that?**

2 Q. Yeah, absolutely.

3 **A. The list that we just went through, if it**  
 4 **had more of the characteristics that would**  
 5 **determine – or, that would go with the three dogs**  
 6 **that are in question, then I would base my assumption**  
 7 **that it would be. And if it was mixed breed, that**  
 8 **would be more the time I would call somebody to get a**  
 9 **question of – get a second or third opinion on what**  
 10 **kind of breed it was.**

11 Q. Okay. I want to focus first on when you're  
 12 making that determination out on the field.

13 **A. All right.**

14 Q. You know, before you call in the next person  
 15 to say, hey, I want you to tell me your opinion. I  
 16 want to focus on your determination out in the field.

17 **A. All right.**

18 Q. Is that okay?

19 **A. Yeah.**

20 Q. So you said more of the characteristics that  
 21 we just talked about of one of these breeds. First  
 22 off, how do you determine whether it's more of these  
 23 characteristics? Is it – I think we went through 23  
 24 of these. Does that mean that if 12 of those 23 fit  
 25 the breed standards, then it's predominantly a pit

1 bull?

2 **A. Oh, it – I would have to see the dog to**  
 3 **determine it. I don't know. By the way it looked, I**  
 4 **don't know.**

5 Q. So kind of your subjective belief of what  
 6 it -- one of these dogs looked like?

7 **A. Yes.**

8 Q. Because earlier you said that you hadn't  
 9 read the breed standards for each one of these dogs.  
 10 So specifically that means you haven't read whether  
 11 one of these three dogs has a particular shape of  
 12 head?

13 **A. It was basically shad- – when I – when I**  
 14 **would walk through the kennels, I would kind of look**  
 15 **over the dogs. And whenever I had one that was**  
 16 **questionable, it would be like, hey, why is this**  
 17 **breed like that.**

18 **That right through there is how I determined**  
 19 **in the field what breed it is or what breed it would**  
 20 **look like. So if it looked like a pit bull, then it**  
 21 **would have the – the head of a pit bull, pit bull,**  
 22 **or the body style of a pit bull or something like**  
 23 **that and I had question – if I had questioned it and**  
 24 **then I would pull it, and I would take it down to**  
 25 **animal control.**

1 **So if I question a breed that, hey, this**  
 2 **might be possibly a pit bull or one of the other two**  
 3 **dogs that we were talking about, then I would pull**  
 4 **the dog.**

5 Q. Okay. So is it based on you look at the dog  
 6 out in the field and it looks like one of the dogs  
 7 you had previously seen in the kennel that had a  
 8 kennel card saying pit bull?

9 **A. Yes.**

10 Q. So it's based on what you remember those  
 11 dogs in the kennels looking like?

12 **A. Yes.**

13 Q. And whether those dogs that were in the  
 14 kennel being marked as a pit bull?

15 **A. Yes.**

16 Q. Were there any visual characteristics, like  
 17 that list that we just went through, any of those  
 18 characteristics that were outcome determinative?

19 **A. A square head, short nose, the eyes – God,**  
 20 **closer together. I believe they were closer**  
 21 **together. They had more of a flatter head, body**  
 22 **size. Their – the chest was bigger than their back**  
 23 **end. They were kind of – yeah, never mind. Never**  
 24 **mind on that one because I was going to say something**  
 25 **else, but never mind.**

1 **But, yeah. No. The ears would be a little**  
 2 **different. Like I said, I have been out for a little**  
 3 **while, so I couldn't tell you what the ears like**  
 4 **anymore.**

5 Q. But you remember ears being outcome de...

6 **A. Yeah. Yeah.**

7 Q. And when I say outcome determinative, what I  
 8 mean is if you look at this feature and if it checks  
 9 the box of what you think a pit bull is, you're  
 10 bringing the dog in?

11 **A. Yeah.**

12 Q. So for head, you say if it's got a square  
 13 head?

14 **A. Yeah.**

15 Q. Does that mean if it -- if you encounter a  
 16 dog in the field and it's got a square head, you're  
 17 picking it up because it could be a pit bull?

18 **A. Yeah. Yeah.**

19 Q. Same thing for, you said, short nose?

20 **A. I am talking about like if it had the square**  
 21 **nose – or, a square head or whatever the head – I**  
 22 **think it was a square head and the – like a short**  
 23 **nose.**

24 Q. So when you said square head -- you said  
 25 square head, short nose, eyes close together. Is

- 1 that all kind of lumped into one with the way that  
2 the head looks?  
3 **A. Yeah.**  
4 Q. Okay. So if you see a dog that you think,  
5 this head looks like the head that I see on pit  
6 bulls, I am picking this dog up?  
7 **A. Yep.**  
8 Q. Okay. So it's fair for me to lump those all  
9 in together as head?  
10 **A. Yep.**  
11 Q. You also mentioned the body size and  
12 specifically if the chest kind of – sounded like you  
13 were saying tapers back towards the back legs?  
14 **A. Yeah.**  
15 Q. Was that an outcome determinative...  
16 **A. Yeah.**  
17 Q. So if...  
18 **A. Most of the time that was – if that**  
19 **happened and it matched the head, then I would pull**  
20 **the dog.**  
21 Q. So is it only if it matched the head would  
22 you pick up the dog?  
23 **A. Not necessarily, but the – most of the time**  
24 **the head would go with the body. So...**  
25 Q. I hope they weren't separate.

- 1 **A. Well, I could probably have worded that**  
2 **better. The head – most of the time, yes. I can't**  
3 **specifically remember a time where – because your**  
4 **Labs are a little different. They are – kind of get**  
5 **the taperedness to them. I can't specifically say**  
6 **that the body was different.**  
7 Q. Okay. So is it more the head than the body  
8 shape?  
9 **A. Yes.**  
10 Q. So if it has that kind of hourglass only  
11 without the second half of the hourglass, that  
12 tapering, but the head is not what you were thinking  
13 of...  
14 **A. Yeah. If the head went with a Lab, then you**  
15 **could be like, hey, that's a Lab. It looks like this**  
16 **dog didn't – hasn't eaten a meal in God knows how**  
17 **long.**  
18 Q. So that's how weight would come into factor?  
19 **A. Yeah. Yeah.**  
20 Q. Okay. So when you're making the  
21 determination, did you ever have any reference  
22 materials right there with you when you were making  
23 that determination?  
24 **A. My phone.**  
25 Q. So what would you use your phone – how

- 1 would you use it?  
2 **A. Get on the AKC or whatever it is, their**  
3 **website.**  
4 Q. And do what?  
5 **A. Look at characteristics. If it was**  
6 **question – if I ever questioned a dog, I always took**  
7 **it down to animal control.**  
8 Q. Okay.  
9 **A. It's just an automatic thing. When I was**  
10 **down at animal control, then I would use the**  
11 **reference material.**  
12 Q. So, like, the pictures?  
13 **A. The pictures or the phone, I would bring up**  
14 **their – the EK – their...**  
15 Q. Yeah, one of these...  
16 **A. Whatever – whatever it is, that website.**  
17 Q. Uh-huh.  
18 **A. Because they'd have pictures on their**  
19 **website. And then I would be like, hey, this is the**  
20 **type of dog. And then that's when I would call**  
21 **somebody else in and try to determine that dog breed.**  
22 Q. So when you say you would use reference  
23 materials, it would be comparison – comparing with  
24 photographs?  
25 **A. Yes.**

- 1 Q. To see whether the dog that's in person  
2 looks like the photographs that you're looking at?  
3 **A. Yep. Live animal versus picture.**  
4 Q. Is it fair for me to say that when you made  
5 the determination it would come down to you know it  
6 when you see it?  
7 **A. Yeah. Yep.**  
8 Q. Is there another way that you would describe  
9 it?  
10 **A. No.**  
11 Q. Just in your head you say that's what a pit  
12 bull looks like, so I am going to pick it up?  
13 **A. Yep.**  
14 Q. Were you ever involved with the what happens  
15 next after you pick up the dog?  
16 **A. Probably once or twice.**  
17 Q. So what was that? What was that process?  
18 **A. After the dog got picked up or, like, would**  
19 **go home?**  
20 Q. Well, yeah. Let me – let me walk you back  
21 a little bit. So you pick the dog up in the field.  
22 What happens next?  
23 **A. I would take it, put it in the truck, take**  
24 **it down to animal control, give it food and water,**  
25 **put it in the kennel.**

- 1 Q. Is that impounding?  
2 **A. Yeah.**  
3 Q. What happened after that with your  
4 involvement?  
5 **A. I would take my kennel information that –**  
6 **you put information on a card, give it to the front**  
7 **staff, and then they would make a card out. And I**  
8 **think I was involved in one time where they – where**  
9 **I would give the dog back, but as far as paperwork**  
10 **goes, I was never involved.**  
11 Q. Okay. That one circumstance where you gave  
12 the dog back, what was that about?  
13 **A. I was in – I happened to be in there**  
14 **getting a paycheck or something, and they told me to**  
15 **go get this dog. So I did.**  
16 Q. What kind of dog was it?  
17 **A. I couldn't even re- – tell you.**  
18 Q. Okay. A pit bull?  
19 **A. No.**  
20 Q. Just some other dog that you were giving  
21 back to an owner?  
22 **A. Yeah. Yeah.**  
23 Q. Were you ever involved in issuing citations?  
24 **A. Yep.**  
25 Q. How did that process play out?

- 1 **A. A couple of dog bites, dog at larges, city**  
2 **license, having too many animals. I had a house**  
3 **with, like, 30-some-odd animals in it; so, therefore,**  
4 **I had to write them – I wrote them a ticket. So...**  
5 Q. Thirty-some-odd animals in one house?  
6 **A. Yeah.**  
7 Q. It was a really big house, I hope?  
8 **A. No. It was a horror house. So...**  
9 Q. Yeah. I have got to get my mind past that  
10 image. How about, like, warnings? Would you ever  
11 just issue warnings?  
12 **A. Yeah.**  
13 Q. What would make you issue a warning instead  
14 of a citation?  
15 **A. A barking dog. If I couldn't get ahold of**  
16 **an owner, I'd issue a written warning. Most of the**  
17 **time I would do verbal warnings. So I did the verbal**  
18 **warning and a written warning, and then occasionally**  
19 **I'd do the citation, which didn't happen too often.**  
20 Q. How about related to pit bulls? Did you  
21 ever just give warnings if..  
22 **A. No.**  
23 Q. Always picked them up?  
24 **A. Always picked them up.**  
25 Q. Did you ever tell the owner of the dog about

- 1 the ability to challenge the determination of the dog  
2 being a pit bull?  
3 **A. What...**  
4 Q. Well, first off, are you aware that -- of a  
5 process by which a dog owner can challenge an animal  
6 control decision that the dog is a prohibited pit  
7 bull?  
8 **A. DNA.**  
9 Q. To -- okay. What do you mean by that?  
10 **A. They could provide me with DNA paperwork.**  
11 **And if it would go specifically for that animal, then**  
12 **I would – I would tell somebody and be like, hey, I**  
13 **have dealt with this person, this is what they had.**  
14 **Here's what I thought it was, but this is what the**  
15 **paperwork said. And I would hand it off to Cindy or**  
16 **Chris and let them make the determination on how they**  
17 **wanted to handle the call.**  
18 Q. Okay. So you would just give information,  
19 but you wouldn't have any role on making the  
20 determination?  
21 **A. No.**  
22 Q. Are you aware of any of the procedures,  
23 formal procedures on challenging the animal control  
24 determination?  
25 **A. No.**

- 1 Q. Did anyone ever tell you that, any of your  
2 bosses ever tell you about that?  
3 **A. No. DNA. I thought that was the only way.**  
4 Q. So you were under the belief that if DNA  
5 proved that a dog was not a certain breed that that  
6 would --  
7 **A. Yeah.**  
8 Q. -- that would relieve the dog from being  
9 subject..  
10 **A. And if it was -- if it was -- if it was -- I**  
11 **am sorry for overtalking.**  
12 Q. Yeah. No. Here, I'll finish my question  
13 first. So it was your belief that if the DNA test  
14 results showed that the dog's breed makeup was not  
15 predominantly one of the prohibited breeds that the  
16 dog was not subject to the ban?  
17 **A. Yeah. That's under my belief, yes. Now...**  
18 Q. Did you ever take pictures of the dogs?  
19 **A. No.**  
20 Q. Why not?  
21 **A. I didn't have a camera.**  
22 Q. If you had a camera would you have taken  
23 pictures?  
24 **A. Probably not because they would take**  
25 **pictures down at animal control.**

1 Q. Okay. So all of the pictures would have  
2 been done after you brought it in?  
3 **A. Yep. Yep. Unless it was a dog bite or**  
4 **something along that lines. Then we would take**  
5 **pictures of scene.**  
6 Q. Like if someone had their arm punctured?  
7 **A. Yeah. One reference, I saw somebody's bones**  
8 **from a dog bite and muscle mass coming out of their**  
9 **skin. I automatically called somebody to take**  
10 **pictures and stuff like that in case it would go to**  
11 **trial. So...**  
12 Q. I hope also an ambulance or something like  
13 that because that sounds pretty gnarly. So...  
14 **A. No. They were already at the hospital.**  
15 **So...**  
16 Q. Oh, okay. So you said that if you had a  
17 question about the breed of a dog specifically for  
18 pit bulls – let's focus on them.  
19 **A. All right.**  
20 Q. If you weren't sure whether a dog was a pit  
21 bull or not and you brought it back, will you tell me  
22 about the determination process between you and –  
23 let's say you brought in Cindy?  
24 **A. Basically I would question – I would be**  
25 **like, hey, this is what I think it is. What do you**

1 **think it is? Cindy's been there for...**  
2 Q. I think since the start; right?  
3 **A. Yeah. Thirty, forty years-ish.**  
4 Q. Yeah.  
5 **A. So I would kind of fall under her and**  
6 **make – because she was – I know she's showing dogs**  
7 **or have been to dog shows. She was – some kennel**  
8 **club thing. I don't know what it was.**  
9 Q. Yeah. We spoke last – or, two weeks ago, I  
10 guess. So she's got a long history with...  
11 **A. Yeah. So she's got a – she's very in- –**  
12 **she's done it for God knows how long. Probably –**  
13 **seems like as long as this earth's been around.**  
14 Q. Don't tell her that.  
15 **A. She'd kill me. Don't – but she – based on**  
16 **how long she's done it and her knowledge on animals,**  
17 **I would kind of be like, all right, she knows what**  
18 **she's talking about.**  
19 Q. So if there was a dispute or a disagreement  
20 as to a breed, you'd defer to her?  
21 **A. Yeah.**  
22 Q. Was it kind of her say goes?  
23 **A. For the most part, yes.**  
24 Q. Well, I am just talking about your  
25 experience.

1 **A. Yes.**  
2 Q. When you say "for the most part," were there  
3 other...  
4 **A. Just there was – we had vets come in if it**  
5 **was really questionable.**  
6 Q. Uh-huh.  
7 **A. So we had, like, a vet tech or a vet –**  
8 **because we had a vet on hand or a – come in every**  
9 **week. So they would take a look at the dog too.**  
10 Q. Were you ever involved with circumstances  
11 where people disagreed as to the breed?  
12 **A. Personally, no.**  
13 Q. Do you know of any of those situations?  
14 **A. Yes.**  
15 Q. Will you tell me about them, please?  
16 **A. Somebody said it was an American Bulldog.**  
17 **And they told them to get a DNA test. And then as**  
18 **far as that goes, I don't know how that – how that**  
19 **turned out.**  
20 Q. Okay. So you said somebody said it was an  
21 American Bulldog, and they said to get a DNA test.  
22 And who were the "someone" and the "they" in that  
23 sentence?  
24 **A. They – basically the person that would**  
25 **disagree that the – the dog owner would disagree**

1 **that the dog would be, like, an American Bulldog or**  
2 **some other dog. And Cindy or Chris would be like,**  
3 **hey, we can't let you take that dog. They say, well,**  
4 **it's an American Bulldog. They go, well, you can opt**  
5 **in to having a DNA – DNA – excuse me – a DNA test**  
6 **for that –**  
7 Q. Sure.  
8 **A. – dog.**  
9 Q. So – do you need some water?  
10 **A. No. I am fine.**  
11 Q. Okay. So the dog owner would say, that's an  
12 American Bulldog. And Chris or Cindy would respond  
13 by saying, you can have a DNA test done –  
14 **A. Yeah.**  
15 Q. – to determine whether it is an American  
16 Bulldog or one of the breeds prohibited?  
17 **A. Yeah. Yeah.**  
18 Q. Were there ever any other circumstances like  
19 that?  
20 **A. Not that I believe. So I was – I'm**  
21 **probably not the best person to ask about office**  
22 **stuff because the office opened at nine, and I was**  
23 **out of there at eight. That was – at night I was**  
24 **there for an hour while they were open, on Tuesdays**  
25 **and Thursdays. Other than that, I was never there.**

1 Q. Yeah. So that's definitely why I want to  
2 silo everything within what you experienced.  
3 **A. Yeah.**  
4 Q. How did you hear about that circumstance?  
5 **A. I was – happened to be down there and  
6 getting a paycheck.**  
7 Q. And it happened while you were down there  
8 getting a paycheck?  
9 **A. Yeah.**  
10 Q. Did you hear about how that resolved?  
11 **A. No.**  
12 Q. But when you were there, did you – you  
13 heard Chris or Cindy say that if the DNA test showed  
14 that the dog was not one of those breeds, then it  
15 wouldn't be subject to the ban?  
16 **A. I believe so, yes.**  
17 Q. In your opinion are certain breeds more  
18 aggressive than others?  
19 **A. Yes.**  
20 Q. What breeds?  
21 **A. Pit bulls, Chihuahuas, the – kind of your  
22 bigger dogs. So...**  
23 Q. I mean, Chihuahuas are pretty small, though;  
24 right?  
25 **A. Yeah, but them things are vicious. They're**

1 **ankle biters.**  
2 Q. Okay. Other breeds. You said pit bulls,  
3 Chihuahuas, and you said bigger – bigger dogs? Is  
4 it...  
5 **A. God, I can't think of – I can't even think  
6 of the breed. It's black and brown.**  
7 Q. Like a Doberman?  
8 **A. Yeah. There you go. Yeah.**  
9 Q. Like Rottweilers?  
10 **A. Yeah.**  
11 Q. German Shepherds?  
12 **A. I have had my fair share of them. Those are  
13 a good family dog too.**  
14 Q. So not aggressive?  
15 **A. They can be.**  
16 Q. So when you say that these certain breeds --  
17 are there any other breeds you can think of?  
18 **A. Not that I know of.**  
19 Q. Okay. So why is -- what is it that leads  
20 you to have your opinion that these breeds you just  
21 mentioned are more aggressive than others?  
22 **A. The bites that I've seen from them.**  
23 Q. So what do you mean by that?  
24 **A. Well, the bite from – I believe the one  
25 that I said about the muscles getting shown, I**

1 **believe that was like a Rottweiler or something,  
2 Dob- – what was that dog you said?**  
3 Q. The Doberman?  
4 **A. Yeah. There you go.**  
5 Q. So when you say that it's based on the bites  
6 that you've seen...  
7 **A. Not necessarily. Some of them were, like,  
8 going up to the houses and how a dog would react to  
9 you. I don't – me working at night was a little  
10 different because it was dark and stuff like that.**  
11 **People would be scared if I would come up to  
12 your house anyways. You know, stranger come up to  
13 your house in the middle of the night. So me  
14 determine on behavior, it's kind of – kind of like  
15 one of them can't do it because my – me versus  
16 people during the day, I saw dogs at – in the dark.  
17 But my determination is basically what – hearsay. I  
18 don't know if any breeds any deadlier than the other,  
19 but I know pit bulls get lockjaw.**  
20 MR. HASAN: Okay. Okay. You have  
21 something on your forehead.  
22 THE WITNESS: Ah, it's all good.  
23 Q. (By Mr. Hasan) So are -- you mentioned  
24 lockjaw. Are you talking about aggression, then, or  
25 are you talking about...

1 **A. After they bite you.**  
2 Q. Okay.  
3 **A. And that's the only breed that I know of  
4 that does that.**  
5 Q. Okay. In your experience are the physical  
6 features, attributes of a dog predictive of how that  
7 dogs going to behave?  
8 **A. No.**  
9 Q. Just a minute here.  
10 (At 11:21 a.m. an  
11 off-the-record discussion  
was had.)  
12 Q. (By Mr. Hasan) Chris, did you ever have any  
13 interactions with Kali Myers?  
14 **A. No.**  
15 Q. You mentioned earlier that you would use  
16 pictures for a reference to determine breeds?  
17 **A. Yep.**  
18 Q. I'd like to show you some pictures.  
19 **A. No.**  
20 Q. Why is that?  
21 **A. Because I'd rather have a dog in here  
22 because that would be the only – I can't look at a  
23 picture and determine based on size, color, stuff  
24 like that.**  
25 Q. So just so we have our record clear, are you

1 saying that if you were presented with a  
2 photograph –  
3 **A. You...**  
4 Q. – or multiple photographs of a dog, you  
5 would be – you would be unable –  
6 **A. Yep.**  
7 Q. – to opine as to the breed of a dog and  
8 whether the dog had any of these three breeds in it?  
9 **A. Yep.**  
10 Q. Is that true for all photographs?  
11 **A. Yep.**  
12 Q. Okay. What did you do to prepare for today?  
13 **A. Took a shower.**  
14 Q. No. Did you – thank you. Everyone in the  
15 room appreciates that.  
16 **A. Well, I thought I was involved in the case**  
17 **or in this person. And the name didn't sound**  
18 **familiar. So I – like I said, I have been out for**  
19 **six months. I went down there, tried to get a case**  
20 **file. And I was told that we cannot talk to you**  
21 **about it. All we can tell you is you're not involved**  
22 **specifically with her.**  
23 Q. Okay.  
24 **A. That you're just getting deposed.**  
25 Q. Okay. So let's talk about that a little

1 bit. You said that you went down there and looked at  
2 the case file and...  
3 **A. I – they told me there – that I couldn't**  
4 **look at the case file.**  
5 Q. Okay. So because all of this is – I think  
6 I know who you're talking about, but because all of  
7 this is recorded, I want to get the pronouns kind of  
8 displaced. So...  
9 **A. Chris and Cindy. I talked to them and was**  
10 **like, Kylie or whatever her name is was, was – I**  
11 **need the case file for her because I was thinking it**  
12 **was just some court hearing that I had to go to. And**  
13 **they said, it's – you weren't involved, specifically**  
14 **involved. But they referred me to Caleb.**  
15 Q. Sure.  
16 **A. And then I talked to him on the...**  
17 Q. So let's get the – let's hammer out, like,  
18 the timeline and the events here. So I want to start  
19 with, you said that you ended back in September?  
20 **A. September-ish.**  
21 Q. So from the time that you ended your  
22 employment up until the time that you received the  
23 subpoena in this case, did you have any involvement  
24 in this case?  
25 **A. Nope.**

1 Q. Any involvement in the pit bull ban?  
2 **A. No.**  
3 Q. So that fast forwards us all the way up to  
4 the time that you got the subpoena?  
5 **A. The subpoena. So I got the subpoena. It**  
6 **was – I think you guys called me a couple of weeks**  
7 **ago.**  
8 Q. Yeah. It would have been my assistant, I am  
9 sure.  
10 **A. Yeah.**  
11 Q. I know that we had – was it a sheriff that  
12 served you?  
13 **A. Yeah.**  
14 Q. Okay.  
15 **A. I got a phone call because I – they had my**  
16 **old address. So I got a phone call. And then I got**  
17 **served last week sometime.**  
18 Q. Okay. So, again, thank you for coming in.  
19 **A. Yeah.**  
20 Q. I know we have to serve officially. So I am  
21 sorry, you know, the sheriff...  
22 **A. No, that's fine.**  
23 Q. Okay. So that would have been last week or  
24 two weeks ago you received the subpoena?  
25 **A. I got served last week sometime.**

1 Q. Okay. So when you received the subpoena is  
2 the first time you got involved with this case?  
3 **A. Yeah.**  
4 Q. So tell me, from when you received the  
5 subpoena till now, have you had any conversations  
6 with any animal control officers?  
7 **A. I went down – no. No officers.**  
8 Q. Or any of the management or staff at animal  
9 control?  
10 **A. Monday I went down to animal control.**  
11 Q. Is that Monday, yesterday, or Monday last  
12 week?  
13 **A. Monday last – or, yesterday.**  
14 Q. Okay.  
15 **A. No. Two days ago.**  
16 Q. Is today Wednesday?  
17 **A. Two...**  
18 Q. I thought today was Tuesday.  
19 **A. Oh, yeah. Monday, yesterday.**  
20 Q. Okay.  
21 **A. Sorry about that. I work overnights. So I**  
22 **get the days off. So I went down there, was like, is**  
23 **there a case file for your client? And they said,**  
24 **no, it doesn't specifically pertain to you. You just**  
25 **happened to be working for us, and you're getting**

1 **dispositioned.**  
 2 Q. Okay.  
 3 **A. Is that the word?**  
 4 Q. Depositioned?  
 5 **A. Depositioned.**  
 6 Q. Yeah. Yeah. You're going to have your  
 7 deposition taken. They said something like that, I  
 8 am sure. So between the time you got your subpoena  
 9 last week and yesterday, did you have any contact  
 10 with anyone at...  
 11 **A. Nope. Nope. That was just basically our**  
 12 **conversation. I talked to Caleb. Caleb told me kind**  
 13 **of what it was about.**  
 14 Q. When was that? I am not asking you – don't  
 15 tell me anything about the communications between...  
 16 **A. Yesterday.**  
 17 Q. Yesterday is when you talked to...  
 18 **A. Yep.**  
 19 Q. So you received the subpoena. And up until  
 20 yesterday, did you have any contact about with anyone  
 21 else?  
 22 **A. Nope. Nope.**  
 23 Q. Any text messages, e-mails, anything like  
 24 that?  
 25 **A. No.**

1 Q. Okay. So what made you decide to go down to  
 2 animal control?  
 3 **A. Just to – because usually before court I**  
 4 **would go down there, get the case file, read the case**  
 5 **file and go to court.**  
 6 Q. So you were just operating the same way you  
 7 would have if you were still employed?  
 8 **A. Yep.**  
 9 Q. So what I gave you at the beginning of this,  
 10 now that we're on the record I will tell you that's a  
 11 subpoena for documents that we're giving to all of a  
 12 the former animal control officers.  
 13 **A. All right.**  
 14 Q. And essentially what it is, you're being  
 15 represented in this matter, Justin said that it's for  
 16 purposes of the deposition or broader than that.  
 17 It's up to – I mean, look to Justin after this.  
 18 Talk to him about that.  
 19 So he'll be able to help explain what this  
 20 is, but essentially what I am asking for are text  
 21 messages, e-mails, letters, written communications  
 22 that you may have had with city employees or animal  
 23 control officers after you ended your job, once you  
 24 quit, up until today that have to do with this  
 25 lawsuit or the pit bull ban. That's what that is

1 requesting.  
 2 **A. I – no, I haven't.**  
 3 Q. If there's no documents, then I am – when  
 4 you get together with Justin, it will just be  
 5 something saying none of them exist.  
 6 **A. All right.**  
 7 Q. So that's what that is.  
 8 So did anyone from animal control staff or  
 9 officers contact you after you received the subpoena,  
 10 try to contact you after you received the subpoena?  
 11 **A. I have a friend that works down there, but**  
 12 **we didn't talk about this, your client, because she**  
 13 **watches my kid.**  
 14 Q. Oh, all right.  
 15 **A. So...**  
 16 Q. Who's that?  
 17 **A. Jess Ja- -- Johnson.**  
 18 Q. Oh, okay. I don't think I met Jess. I  
 19 don't think I am going to meet her, but that's neat.  
 20 That's good that you have that relationship.  
 21 Unrelated, though.  
 22 Okay. So essentially preparing for this  
 23 deposition, you took your shower. And yesterday you  
 24 went into animal control, and they said what?  
 25 **A. That – after I asked for the case file –**

1 **you have got to talk to Caleb.**  
 2 Q. Okay.  
 3 **A. And Caleb...**  
 4 Q. And that was it?  
 5 **A. Yeah.**  
 6 Q. Yeah. I don't want you to tell me – don't  
 7 tell me what you talked about with Caleb.  
 8 **A. Yep.**  
 9 Q. Did you look over any documents or anything  
 10 like that?  
 11 **A. Just the subpoena, just trying to figure out**  
 12 **what it was about.**  
 13 Q. I think you have figured it out now.  
 14 **A. Yeah.**  
 15 Q. Were there situations where you would pick  
 16 up the dog as being predominantly one of these breeds  
 17 and when you got back to the shelter your  
 18 determination was overridden?  
 19 **A. Not that I know of.**  
 20 Q. So every time you picked up a dog that you  
 21 believed was a pit bull you believe that that  
 22 determination was upheld?  
 23 **A. Yeah.**  
 24 Q. Were you ever involved with any appeals from  
 25 that determination? So if there were – a dog was

1 determined to be a pit bull and -- were you ever  
 2 involved in an appeal by a dog owner?  
 3 **A. I don't believe so.**  
 4 Q. Yeah. I am not trying to confuse you.  
 5 Just -- I thought that was the answer.  
 6 **A. I thought it was a court case that we were**  
 7 **talking about.**  
 8 Q. Or if you had a court case --  
 9 **A. I don't believe so.**  
 10 Q. -- where a dog was determined to be a pit  
 11 bull and there was a court case challenging that,  
 12 were you involved in any of those?  
 13 **A. I don't believe so.**  
 14 Q. Okay.  
 15 **A. I can't remember the last time I talked to**  
 16 **Caleb.**  
 17 Q. Okay. Yeah. No, that's fair. While you  
 18 were an animal control officer, did you ever come  
 19 across a purebred American Pit Bull Terrier?  
 20 **A. I don't believe so.**  
 21 Q. Did you ever come across an American  
 22 Staffordshire Terrier, purebred?  
 23 **A. I don't know. It's been so long ago on all**  
 24 **of them. You know, the last time I dealt with**  
 25 **something like this was summertime.**

1 Q. Last year?  
 2 **A. No. Yeah. Yeah. Last year.**  
 3 Q. Last summer?  
 4 **A. Yeah. It was 2017. So it's been a while.**  
 5 **So I can't -- I don't remember if they were purebreds**  
 6 **or not.**  
 7 Q. How would you have known if a dog was a  
 8 purebred?  
 9 **A. A DNA test.**  
 10 Q. Only a DNA test? How about if they  
 11 presented you with evidence of the dog's parentage  
 12 showing you that both dogs were a purebred?  
 13 **A. I never had that.**  
 14 Q. That never happened?  
 15 **A. No.**  
 16 Q. Did you ever have a circumstance, regardless  
 17 of the breed, where someone showed you a DNA test  
 18 showing you it was a purebred of any breed?  
 19 **A. I believe one time and one time only, and I**  
 20 **couldn't tell you what the breed was.**  
 21 Q. Okay. So aside from that one time, you  
 22 wouldn't have had a situation where you knew a dog  
 23 was a purebred?  
 24 **A. No.**  
 25 Q. They all would have been mixed-breed dogs?

1 **A. To me, yeah.**  
 2 Q. Right.  
 3 **A. Until they would bring the paperwork to**  
 4 **them. Like I said, I worked at night, so I didn't**  
 5 **see any of that, the DNA stuff ever.**  
 6 Q. Right. I am going to flip here on  
 7 Exhibit 101 to page 37 for the definition. Do you  
 8 mind holding that for me so it doesn't flip back on  
 9 you? Because the definition is for a dog that is an  
 10 American Pit Bull Terrier, American Staffordshire  
 11 Terrier or Staffordshire Bull Terrier; right?  
 12 **A. You want to repeat the question?**  
 13 Q. Yeah. So the way that the code is written,  
 14 it's kind of two different scenarios. It's if the  
 15 dog is an American Pit Bull Terrier, American  
 16 Staffordshire Terrier or Staffordshire Bull Terrier.  
 17 That's the first part; right?  
 18 **A. Yeah.**  
 19 Q. Or a dog which has the appearance and  
 20 characteristics of being predominantly of those  
 21 breeds; right?  
 22 **A. Yep.**  
 23 Q. So it's -- whether it's a purebred, one of  
 24 those breeds, or the appearance and characteristics  
 25 of those?

1 **A. Yep.**  
 2 Q. So going back to my question, it was -- to  
 3 your knowledge, aside from that one case where you  
 4 think there was a DNA test showing a purebred, all of  
 5 those dogs that you encountered would have been, in  
 6 your mind, mixed?  
 7 **A. Under the assumption, yes.**  
 8 Q. Right. You wouldn't know if they were  
 9 purebred or not?  
 10 **A. No.**  
 11 Q. So when you were enforcing the code, you  
 12 were basing your determination on the appearance and  
 13 characteristics of being predominantly...  
 14 **A. Yep.**  
 15 Q. That book that they gave you with the pit  
 16 bull photographs, those were only the registered pit  
 17 bulls; right?  
 18 **A. Yeah.**  
 19 Q. Dogs...  
 20 **A. Are you talking about the binder?**  
 21 Q. Yes.  
 22 **A. Yeah.**  
 23 Q. The binder that you were provided was dogs  
 24 that the owners had registered their dogs as pit  
 25 bulls?

1 **A. Yes.**  
 2 Q. The owner...  
 3 **A. The only dogs that were able to stay in the**  
 4 **city was the ones that were in that binder.**  
 5 Q. The only dogs that were deemed pit bulls  
 6 that were legally allowed to be in the city were the  
 7 ones that were in that binder?  
 8 **A. Yep. Yep.**  
 9 Q. So when you picked up a dog that you thought  
 10 was a pit bull and referenced against that binder, it  
 11 was to see if it was legally in the city?  
 12 **A. Yeah.**  
 13 Q. And it was one of those?  
 14 **A. Yeah.**  
 15 Q. Okay.  
 16 **A. And that would be the only time that I would**  
 17 **allow it to stay home is if it was in that book.**  
 18 Q. Okay. Okay. Did you have -- in your  
 19 experience did you have any circumstances where after  
 20 the dog was impounded animal control -- let me  
 21 restart that question.  
 22 In your experience did you have any  
 23 circumstances where you impounded a dog under the  
 24 determination that it was a pit bull and animal  
 25 control released that dog back to the dog owner?

1 Q. Okay. And how many dogs -- let's say in a  
 2 week -- would you interact with?  
 3 **A. Probably 10, 15.**  
 4 Q. 10 to 15 dogs in a week?  
 5 **A. Yeah. Depends on the time of year.**  
 6 **Summertime it would be a little more. Wintertime it**  
 7 **would be maybe one or two. So, on average, probably**  
 8 **10 to 15.**  
 9 Q. Some simple math tells me that's 720 dogs a  
 10 year. Would that be about right?  
 11 **A. Yeah.**  
 12 Q. Okay. And over four years that gets us to  
 13 2880. A lot of dogs?  
 14 **A. Yeah.**  
 15 Q. Okay. And so is it your opinion that  
 16 dealing with almost 3,000 dogs, plus or minus, you  
 17 have been able to come up with an opinion that some  
 18 breeds of dogs are more aggressive than others?  
 19 **A. Yes.**  
 20 Q. Okay. Are you basing this on anything  
 21 outside of the knowledge that you have gained dealing  
 22 with 3,000 dogs?  
 23 **A. No.**  
 24 MR. VONDRAK: Kamron, that's all I have.  
 25

1 MR. VONDRAK: I am going to object to form,  
 2 but go ahead if you can.  
 3 **A. I don't know. Like I said, a lot of stuff**  
 4 **happened during the day.**  
 5 Q. (By Mr. Hasan) Sure. But during when you  
 6 were there, in your personal experience?  
 7 **A. No.**  
 8 Q. That never happened?  
 9 **A. Nope.**  
 10 MR. HASAN: I don't think I have anything  
 11 else for you, Chris.  
 12 Justin, anything?  
 13 MR. VONDRAK: I do.  
 14 CROSS-EXAMINATION  
 15 BY MR. VONDRAK:  
 16 Q. Chris, you said that a -- some breeds are  
 17 more aggressive than others. How did you come to  
 18 that conclusion?  
 19 **A. Oh, your K-9 units are mostly strictly**  
 20 **German Shepherds. I don't see any pit bulls being --**  
 21 **or Chihuahuas being K-9 units.**  
 22 Q. Okay. That was a terrible question.  
 23 How many years were you an animal control  
 24 officer?  
 25 **A. Four.**

1 REDIRECT EXAMINATION  
 2 BY MR. HASAN:  
 3 Q. Okay. Quick follow-up on the aggressiveness  
 4 of the dogs and how you're basing your opinion. Have  
 5 you familiarized yourself with any of the science  
 6 that's out there about a dog's aggressiveness based  
 7 on its breed, its genetic makeup?  
 8 **A. Kind of.**  
 9 Q. What's that background?  
 10 **A. I know pit bulls were bred to be aggressive,**  
 11 **and that's about it. I kind of -- kind of studied**  
 12 **pit bulls there for -- got on Google one night trying**  
 13 **to figure out why pit bulls were the way they were.**  
 14 **I kind of come up with a scientific**  
 15 **reasoning behind it, that they took like five or six**  
 16 **dogs and combined them and made one aggressive**  
 17 **animal, and they come up with a pit bull.**  
 18 Q. So tell me about that research you did.  
 19 What web sites did you look at?  
 20 **A. Google.**  
 21 Q. Yeah. So you -- what -- so what did you  
 22 Google?  
 23 **A. I just kind of Googled it. It was -- I**  
 24 **Googled pit bulls. And when I do research, I look**  
 25 **up, like, five or six different web sites, not one**

1 **specific website. And then if there is – based out**  
 2 **of three I do – like, if I do, like, five or**  
 3 **seven – I do an odd number.**

4 **And so basically why I do that is if it's –**  
 5 **comes down to a – like a – I – what I like to say,**  
 6 **a tie breaker, so if three and – three say this and**  
 7 **three say this, I look up that fourth one and it says**  
 8 **this, then I go with that.**

9 Q. So it's like the majority of the articles  
 10 that you find?

11 **A. Majority of the articles. Yeah.**

12 Q. What did you do for pit bulls?

13 **A. I think I saw one article off there that was**  
 14 **against pit bulls. Or how do I say that? That**  
 15 **wasn't – most of the research I sa – oh, most of**  
 16 **the research I did, the determination on how pit**  
 17 **bulls got evolved was breeding aggressive animals to**  
 18 **come up with a pit bull. Predominantly it was**  
 19 **fighting characteristics, aggressiveness, and they'd**  
 20 **be – they came up with a pit bull.**

21 Q. What were the web sites you were looking at?

22 **A. Good question. I don't know. I couldn't –**  
 23 **that's – it's been more than five years ago.**

24 Q. Do you know who the authors were?

25 **A. No.**

1 Q. Do you know what they were basing their  
 2 research?

3 **A. No.**

4 Q. The sources that they were relying on?

5 **A. Nope.**

6 Q. But, essentially, your determination came  
 7 down to Googling the history of pit bulls?

8 **A. Yeah.**

9 MR. VONDRAK: I am going to object to that  
 10 question simply to state that I think you're lumping  
 11 in his opinion of pit bulls that I laid some  
 12 foundation with that – and I apologize for the  
 13 talking objection – but it was based on 3800 –  
 14 30 – 3,000 dogs.

15 MR. HASAN: Okay.

16 MR. VONDRAK: Now you're lumping it back  
 17 into saying his opinion of pit bulls was based solely  
 18 on this research.

19 Q. (By Mr. Hasan) Okay. So I want to – based  
 20 on that objection –

21 MR. HASAN: Thank you.

22 Q. (By Mr. Hasan) – let's talk about just the  
 23 research that you did because you said you did some  
 24 research because you wanted to figure out why pit  
 25 bulls were the way they were.

1 **A. Yeah.**

2 Q. First off, what made you want to do that  
 3 research?

4 **A. I get bored at night.**

5 Q. You just wanted to learn?

6 **A. Yeah.**

7 Q. Okay. You Googled the history of pit bulls?

8 **A. Yeah.**

9 Q. And at that time, again, setting aside what  
 10 your daily interactions with dogs in general would  
 11 have been, you saw that these articles are out there  
 12 saying that these breeds of dogs were bred for  
 13 certain tasks? Is that a fair word?

14 **A. Attributes.**

15 Q. Functions? Attributes?

16 **A. Attributes. Yeah.**

17 Q. So you saw that these articles said that  
 18 they were bred to have certain attributes?

19 **A. Yep.**

20 Q. And that – how many articles did you say  
 21 you read?

22 **A. Half dozen, dozen. I – like I said, it's**  
 23 **been quite some time ago.**

24 Q. Okay. But you don't know the authors of  
 25 these?

1 **A. No.**

2 Q. Or the organizations –

3 **A. Nope.**

4 Q. – with whom they were affiliated?

5 **A. No.**

6 Q. No?

7 **A. No.**

8 Q. Did that research – does that research  
 9 influence your opinion that pit bulls are more  
 10 aggressive?

11 **A. Yeah.**

12 Q. On those approximately however many  
 13 thousands of dogs you may have encountered during  
 14 your four years on the job, did you experience other  
 15 breeds that showed aggressive tendencies –

16 **A. Yep.**

17 Q. – other than pit bulls?

18 **A. Yep.**

19 Q. So you said that – my original question was  
 20 whether you were familiar with the current science of  
 21 the correlation between a dog's genetic makeup and  
 22 its behavior. Aside from that Google search you did  
 23 a few years ago, have you done any other?

24 **A. Nope. Well, not on dogs.**

25 Q. Sure. Aside from the Google research you

1 did on pit bulls a few years ago, have you otherwise  
2 kept up to date on the current state of the science  
3 on a certain breed's -- the predicted value of a  
4 breed to exhibit a certain behavior?

5 **A. No.**

6 Q. Any current science on an individual's  
7 ability to accurately identify a dog's predominant  
8 breed based on visual identification?

9 **A. No.**

10 Q. Have you read any of the -- any studies  
11 related to either of those subjects that I just  
12 mentioned to you?

13 **A. No.**

14 Q. Do you ever consider or take into account,  
15 like, news stories that you hear about dog bites when  
16 forming opinions about whether a dog breed is  
17 aggressive or not?

18 **A. Not anymore.**

19 Q. Did you ever do that?

20 **A. No.**

21 MR. HASAN: Okay.

22 MR. VONDRAK: Thank you, Julie.

23 MR. HASAN: All set. So since Justin  
24 indicated that you're being represented for this  
25 deposition, you have the ability, the right to read

1 and sign, essentially, review the deposition  
2 transcript since Julie's been recording everything,  
3 and you'll be able to see the answers that you  
4 provided me and make any corrections or revisions,  
5 anything like that.

6 Justin will probably advise you here on  
7 whether you want to read or sign. You have the  
8 ability to waive that right. And I will have you...

9 MR. VONDRAK: Yeah. We'll have you --  
10 we'll take a look at it and sign.

11 MR. HASAN: Read and sign?

12 THE WITNESS: Okay.

13 MR. HASAN: Yeah. And when Julie gets  
14 done, she'll send it off to Caleb and Justin. And  
15 they'll get it over to you, and you just make any  
16 corrections that you have and send it back in.

17 THE WITNESS: All right. Okay.

18 MR. HASAN: Thank you for your time.

2 I, Julie A. Pell, RPR, CRR, CSR, CRC, duly  
3 commissioned, qualified, and acting under a general  
4 notarial commission within and for the State of  
5 Nebraska, do hereby certify that:

6 CHRISTOPHER STRAWN

7 was by me first duly sworn to tell the truth, the  
8 whole truth, and nothing but the truth; that the  
9 foregoing deposition was taken by me at the time and
